SAMPLE COMMENTS Proto 1

Sample Comments 1

Sample Colour :

Sample Size :

Fitted Proto 1 sample labelled (#1)

Please proceed to PP sample with the below changes, in SOB, with the correct bulk trims and correct wash applied.
Please send 3 x PP samples for approval.

Please follow below points for MEASUREMENT ISSUES

1. Please note revised spec measurements. Comments have been made in the "Correction" column on the measurements page.
2. Rebalance the leg distribution between front and back
 - a. Evenly slash and close out 1cm from the front leg, from waist edge to leg opening.
 - b. Evenly slash and add 1cm into the back leg, from waist edge to leg opening.
3. Reangle the front rise, moving it towards the CF by 0.5cm and blending down to nothing at the hip.
4. To maintain the 1/2 waist measurement, reduce the back waist width by increasing the back dart depth by 0.5cm.
5. Raise the front waist height by 1cm, adding onto the front rise length and blending to nothing at the side seam.
6. Lower the back waist height by 1cm, removing from the back rise at the waist edge and blending to nothing at the side seam.
7. Add 0.6cm to the back rise length, adding at the fork. This will also increase the 1/2 thigh circ by 0.3cm.
8. Reshape back rise curve
 - a. At 20cm below (revised) waist top edge, scoop 0.5cm out of the back rise curve.
 - b. At 28cm below (revised) waist top edge, scoop 0.9cm out of the back rise curve
 - c. Blend to nothing at the fork.

Please follow below points for CONSTRUCTION AND WORKMANSHIP ISSUES

- A. Please ensure the back pockets are symmetrical and mirrored either side of the middle of the CB seam topstitch.
- B. If trims have not been approved in the BOM please reach out to the design team.
- C. I am still awaiting confirmation on new leather patch.
- D. Please ensure approved care label code is loaded into the BOM.
- E. Remaining construction to be as per sample.
- F. Ensure all workmanship is to CR standard.

Please follow below points for WASH EFFECT

- I. Base color & Tone: To match TOTEM swatch sent. Please send leg panel for approval prior to commencing PP sample.
- II. Abrasion: Approved

Comment:

Comments on measurements:

All POMs are in tolerance

****GD - MEASUREMENTS HAVE BEEN AMENDED. PLEASE REFER TO MEASUREMENT CHART AND COMMENTS FOR INSTRUCTION**Comments on construction and workmanship:

We have suggested Side back belt loops placed over back dart value so they lay flat if we followed the sketch the belt loops will be central over center back dart and difference in fabric thickness between the two layers may cause damage after wash. Please advise and amend construction at group Loops and Sketch for accordingly.

****GD - NOTED**Comments on trims:

Thread: epic C7932 Tex 105

Zipper: sub available YYK4.5, tape #960

SAMPLE COMMENTS Pre-Production

Sample Comments 1

Sample Colour :

Sample Size :

Front pocket lining is Seville 82-Black for PPS avoid the background color of the main fabric from bleeding through after wash. Please advise and update lining color for it.

Leather label: N/A, please remove code R35801 from BOM avoid confusion.

E12/Fusing tape: N/A due to 1pc WB, please remove from BOM ****GD - there needs to be fuse tape at the top edge of the waist**

****GD - PLEASE SEE BOM FOR TRIM APPROVAL**

WPA60323517 - PP Sample - Fitted 18/08/26 on OdnA - with GD/RG/TT/MR

Fitted Pre-production sample labelled (#1)

Style is signed off to bulk production.

Please send 1 x PRE-SHIPMENT sample.

Please follow below points for MEASUREMENT ISSUES

1. Please note revised spec measurements. Comments have been made in the "Correction" column on the measurements page.

2. Reshape the back rise as follows:

- Add 0.5cm to the back rise length, adding at the waist edge. Blend to nothing at the CF
- Add 1cm to the rise length at the fork. Blend down the inleg to nothing. This will increase the 1/2 thigh circ.

3. Increase the fly profile width by 0.2cm

4. Delete the back welt pocket and replace with a patch pocket same shape as sketch. Follow spec for measures and position. Follow construction page for topstitching details.

Please follow below points for CONSTRUCTION AND WORKMANSHIP ISSUES

- Increase the side seam cording stitch by 3cm.
- The fob pocket opening edge is to be parallel with the waist edge.
- If trims have not been approved in the BOM please reach out to the design team.
- Care label has been approved in the PP Comments and in BOM.
- Please note swingtag descriptor has been changed to CRDT/15 - colour transfer.
